NEW RAILROAD RATES.

Southern Pacific Company Will Place New Schedule in Operation Sept. 13.

On September 13, a new schedule of railroad rates will go into effect over the Southern Pacific between Portland, Eugene or intermediate points and or Sacramento San Francisco.

The amount collected in every case will be \$10 greater on every whole and \$5 greater on half tickets of each. This amount will be covered by rebate drafts payable southbound at Sacramento or San Francisco and northbound at Eugene or Portland or intermediate points.

All first-class rates include accommodations in berth in first class Pullman sleepers between San Francisco or Sacramento to points from Eugene to Portland inclusive. All second class rates include berth in second-class sleeper between same points.

These rates are to be used on express trains Nos. 15 and 16 daily, but apply only to and from points named.

The rates from Salem commencing Monday as per the new schedule will be \$22.15 and \$13.60 for first-class, whole and half fare respectively. Subtracting from the respective amounts \$10 and \$5, or the rebate, the actual fare from Salem will be \$12.15 and \$8.60 for whole and half fares, respectively. Second-class rates will be \$17.15 and \$9.35 for whole and half fares, respectively, which less the \$10 and \$5 rebates makes the actual fare, second-class, \$7.15 and \$4.35.

By the new schedule of rates local passengers will not be obliged to go to Portland in order to get the benefit of the cheap rates. Passengers can board the train at Salem and on the return need not go through to Portland to get the rebate. Heretofore those residing between Eugene and Portland wishing to get the benefit of the cheap rates were obliged to purchase tickets at Portland.

Accidental Poisoning.
About 10 o'clock last night, Miss Gertrude Jackson, of this city with her mother Mrs. M. McAlpin, was picking hops in the Holmes hop yard south of town, made a mistake in taking medicine that came near proving fatal in its results. The young lady was suffering from a violent headache and took about five grains of what she supposed to be anti-camnia to alleviate the pain from which she was suffering. It was soon discovered that she had taken morphine and a messenger was immediately dispatched to this city for medical aid. Emetics were administered and the young lady was pronounced entirely out of danger by the attending physician this morning.

WHOLESALE BURGLARY.

Four Yew Park Residences Ransacked Thursday Night.

Sometimes Thursday night four residences in South Yew Park near the Southern Pacific railroad track were entered by house-breakers and thoroughly ransacked during the absence of the tenants who are employed in the various hop yards about the city.

Wm. Baxter was one of the residents of this portion of the city, whose house was "sited last night. He reported the matter to Sheriff F. T. Wrightman, who visited the premises this morning. The burglars had gained an entrance to each of the houses by bursting the doors open, by wrenching them from the hinges.

Two trunks, one of which contained \$50, were taken from Mr. Baxter's house. The trunks had been taken to a trestle on the railroad track where they were broken into, and every article that could easily be disposed of were taken, the other contents of the trunks being scattered about the ground in confusion.

At Wm. Huffman's house a valuable sewing machine was completely demolished and the contents of the drawers were carried away.

Peter Norgren's residence was visited as was also E. C. Bailey's home. In the latter two instances the houses were thoroughly ransacked and until the tenants return it will be impossible to ascertain the stolen articles or their value. Sheriff Wrightman visited the burglarized houses this morning and temporarily locked them up awaiting the return of the occupants.

There is no clew to the perpetrators of last night's burglary, but it is unquestionably the work of a number of hobos. That the work was not done by one man is evident from the fact large strong doors were torn from their hinges. The police have been informed and are investigating the surroundings.

It would be well for all residents of the capital city to exercise every precaution and tender such visitors a warm reception. Just preceding and throughout the session of the state fair, the city is infested with a lawless element whose manner of living is not at all indicative of honest labor. Keep everything under lock and key but by no means leave any amount of money about the house.

THE ADDITIONAL ROOM.—At a recent called meeting of the board of school directors for District No. 24, Directors Johnson and Cherrington, were appointed a committee to provide for an additional recitation room in the Lincoln school building.
